The University Honors Program (UHP) is designed for academically talented and intellectually curious students from all majors. The UHP encourages learning both in and out of the classroom through experiences such as seminar-style classes, independent studies, internships, research projects, and study abroad. Students work closely with an Honors advisor to create rigorous courses of study that advance their academic and career interests. The UHP brings students and faculty together in a community of scholars to explore topics of mutual interest in an interdisciplinary way. In addition, the UHP provides an experience through which students gain cultural competency skills and develop

International students with an outstanding academic record in a rigorous high school curriculum are encouraged to apply. An equivalent grade point average of at least 3.8 on a 4.0 scale and a minimum English proficiency score of 90 on the TOEFL (IBT) or 7.0 on the IELTS is required, in addition to the personal statement and letters of recommendation. International students are also encouraged to include a standardized test score (ACT or SAT) along with their application, when possible, but this is not required.

Priority Registration

All active Honors students are permitted to register one business day before other students at their grade level. For this purpose, students are categorized on the basis of completed semester credits.

Withdrawing from an Honors Course

Students are expected to complete all attempted Honors credit options (both in-class and out-of-class). Withdrawing from an Honors course may be arranged

Students may elect to earn Honors credit through a non-Honors course by contracting the class with the professor. The course must be at the 3000- or 4000-level in the student's major or minor area. Students
